

# Go for Extraordinary. Find It at WSU.

PROSPECTUS FOR INTERNATIONAL STUDENTS

# Earn a World-Class Degree

#### Undergraduate degrees

- 98 majors, 86 minors and more than 100 in-major specializations
- Research opportunities and internships

#### Graduate and professional degrees

- 63 doctoral programs
- 79 master's degree programs
- Professional degrees in pharmacy and veterinary medicine

# About Washington State University

Since 1890, Washington State University has educated the next generation of problem solvers. WSU faculty inspire discovery and spark creativity among civic-minded students. Proud alumni become leaders with a singular goal: making the world a better place.

#### **Globally Recognized Programs and Faculty**

WSU's programs are ranked among the best nationally and internationally in the fields of engineering, computer science, hospitality, business and many more. WSU students learn from faculty and researchers who are leaders in their field. Eight WSU faculty are recognized as National Academy members – one of the highest honors given to faculty at U.S. higher education institutions.

#### **Learn by Doing**

WSU places a strong emphasis on learning by doing and encourages students to apply their knowledge in the real world. Students can launch their own businesses through the Center for Entrepreneurial Studies; learn to use tools such as 3D printers and plasma cutters in the Frank Innovation Zone; or create their own television shows at WSU's Cable 8 Productions. Students in every major have opportunities to gain practical experience that can eventually lead to Optional Practical Training (OPT) employment at competitive, U.S.-based international companies.

#### **Top Tier Research**

WSU researchers – many of them from outside the U.S. - untangle complex problems to enrich quality of life for us all. Their work safeguards the health of humans and animals. It helps ensure the security and abundance of our food supply. It cultivates sustainable sources of energy to power future generations. Discoveries and innovations of this Tier 1 research institution fuel prosperity across the Pacific Northwest and beyond.

# POWERFUL ALUMNI **NETWORK**

A worldwide network of passionate alumni supports you from classroom to career. With over 200,000 graduates in 146 countries, you can find other Cougars around the globe to help launch your career. Successful WSU alumni and former students include:

- Paul Allen, co-founder of Microsoft
- Ana Cabrera, journalist and anchor on CNN
- Scott Carson, former president and CEO of Boeing Commercial Airplanes
- John Fabian, U.S. astronaut
- Gary Larson, cartoonist
- Dolph Lundgren, actor, producer, director
- Edward R. Murrow, U.S. journalism and broadcasting legend
- Mehmet Mus, economist and politician (Turkey)
- Mieko Nakabayashi, former member of parliament (Japan), professor and author
- Klay Thompson, NBA basketball player

# THE WSU ADVANTAGE

Washington State University supports international students with services they need. We offer Academic English, Undergraduate Bridge, Graduate Bridge and Direct Entry programs where you will work alongside American students and earn credit toward your degree while improving your English skills. After successful completion of your Bridge program you will be able to progress to a WSU degree program.

#### WSU's services include:

- Personalized academic, English and cultural support
- High quality education from caring WSU faculty
- Peer mentors to help you transition, find friends and get involved
- Assistance with immigration and regulatory needs
- Events, programs and ways to share culture
- An excellent health insurance plan for international students

#### VIRTUAL CAMPUS TOUR

Take a campus tour from home with WSU's Virtual Tour at www.youvisit.com/wsu

"Before I transferred to WSU, I wasn't interested in any particular school, but I knew I wanted a place that would prepare me for my career. Since coming to WSU, I've had the opportunity to grow in the classroom and through extracurricular activities. I've never felt more confident in my ability to face challenges in the classroom and in the workplace. Another bonus is that I've found my second home here. I've made some good friends and formed special relationships that will continue beyond my time at WSU."

> Michelle Lee Malaysia

# **DISCOVER**OUR CAMPUSES

You can choose to study at one of five campus locations in the Washington State University system:

Pullman, Vancouver, Tri-Cities, Spokane and Everett. WSU's five campuses offer different learning opportunities across the state, but all have identical education quality, faculty standards and diplomas at graduation.

#### **Pullman: A Traditional Campus**

WSU Pullman is the University's first and largest campus. It offers the widest range of degree programs and research opportunities – plus the amazing experience of living on campus in one of America's finest and safest college towns.

#### **WSU Pullman On-Campus Activities**

Entertainment and celebrations. Exhibits and lectures. Arts and workshops. Individual and team sports and Cougar athletic competitions. Students can always find on-campus activities to enjoy. WSU welcomes many visiting performers, musicians, comedians and scholars to entertain and educate students, and Cougar home athletic games are campus-wide events. The University has three gymnasiums and recreation centers with facilities for swimming, team sports, rock climbing and more, as well as the Outdoor Recreation Center for students interested in activities such as hiking or rafting. WSU has active student clubs on campus, including:

• 73 international and cultural clubs

**WSU PULLMAN** 

6 | Washington State University

- · 400+ registered student organizations
- Industry-related clubs, including over 30 engineering clubs
- 8,000+ students competing in intramural sports

# **WE HAVE A CAMPUS FOR YOU**

Whether you like cities, college towns or countryside, WSU has a campus for you. WSU is proud to offer unique academic opportunities and student experiences at each campus. After completing their Undergraduate Bridge or Graduate Bridge program in Pullman, Tri-Cities or Vancouver (depending on their major), many students will have the option to finish their degree in Pullman or pursue studying on another WSU campus.

#### **WSU Everett**

WSU Everett offers bachelor's degree completion programs for juniors and seniors in the Seattle metro area. These programs focus on fields that are in high demand in the region, such as electrical engineering, hospitality, software engineering and data analytics.

#### **WSU Spokane**

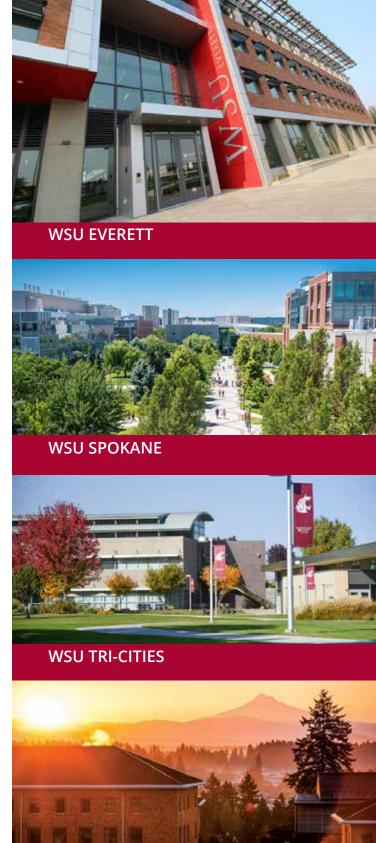

Located near the medical district of Washington's secondlargest city, WSU Spokane offers degree programs that focus on health science and medical education.

#### **WSU Tri-Cities**

WSU Tri-Cities emphasizes the learning-while-doing approach to educating students, focusing primarily on science, technology, engineering and math (STEM) disciplines and on developing industry partnerships for research and internship opportunities. WSU Tri-Cities partners with the Pacific Northwest National Laboratory (PNNL) on many projects, including in the PNNL research facilities on the Tri-Cities campus and with faculty who hold joint research appointments with both organizations.

#### **WSU Vancouver**

WSU Vancouver's campus combines a small-college feel with the resources of an internationally respected research university. Located just minutes from Portland, Oregon, WSU Vancouver offers programs in business, engineering, hospitality and other in-demand disciplines. WSU is the only Tier-1 research university in the Portland metro area.

Diverse student population from around the world

31,607 students | 30% multicultural 48 U.S. states | 106 countries

Accessible faculty About 16:1 student-faculty ratio

Vast library system 28 million+ items available through a library consortium

11 Colleges Hundreds of disciplines

**WSU VANCOUVER** 

500+ study abroad programs Over 48 countries | 7 continents

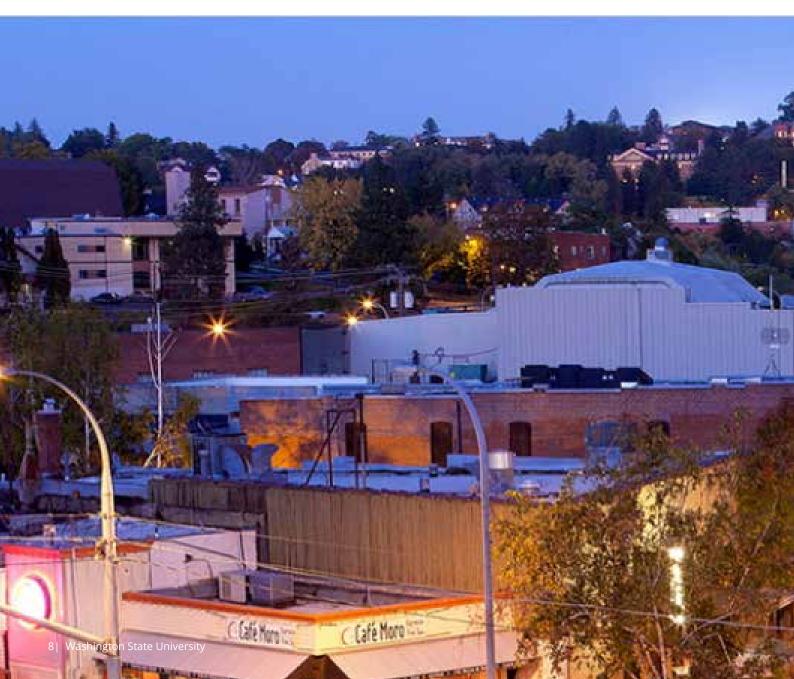

# **Pullman: A Town Built for You**

For more than 125 years, the town of Pullman and the University have grown and developed together to form a vibrant, safe and student-centered community. With beautiful scenery, clean air and 172 days of sunshine annually, Pullman gives you a relaxed setting with the charm of a traditional, American college town. Here, students can use the resources of a major university to customize their education and prepare for internship and work opportunities.

University students comprise over 60% of the town's 34,500 residents. Local professionals, business and farm owners, WSU faculty and staff, and their families round out the population.

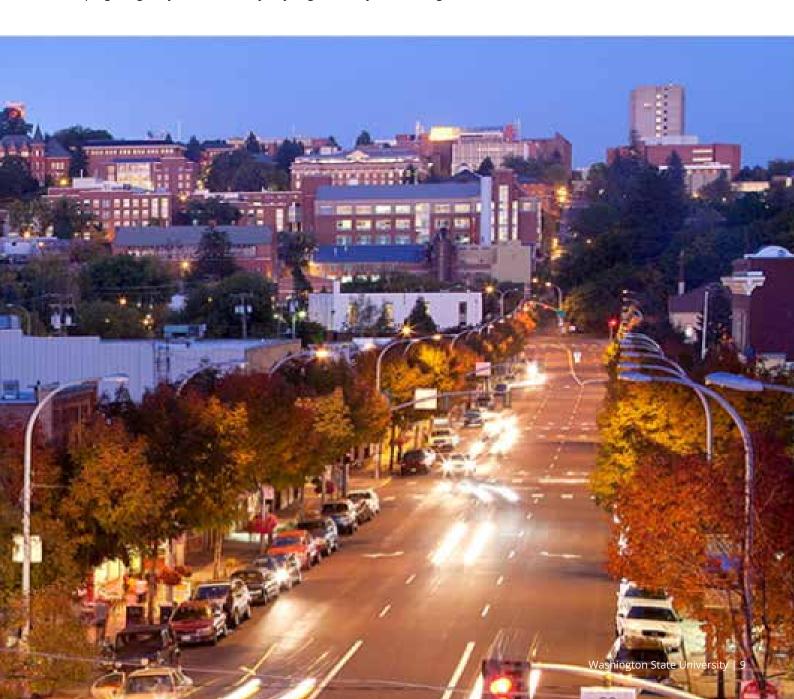

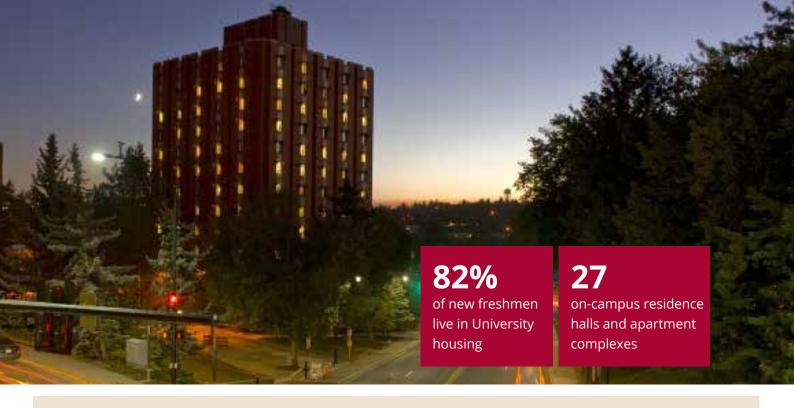

# **Pullman: A Community of Cougs**

The downtown shopping district is a short walk or bus ride away from campus. Downtown you'll find coffee shops, grocery stores, specialty retailers, restaurants and more. And there are plenty of outdoor recreation areas, including parks, trails and athletic fields. Pullman is also close to water for kayaking or rowing, and mountains for hiking or skiing.

WSU students use Pullman's excellent public transit system free of charge, and the University's bike-sharing program gives you another easy way to get where you need to go.

# HOUSING AND DINING

#### Who lives in WSU housing?

The WSU Freshman Live-In Requirement (FLIR) requires all unmarried, first-year college students under the age of 20 to live in University housing for two semesters, including international students pursuing a bachelor's degree, Undergraduate Bridge and Academic English students.

Undergraduate transfer students and Year One undergraduate students age 20 or over are not required to live in University housing.

All enrolled WSU students may request to live in University housing regardless of program. Please visit https://housing.wsu.edu/housing-essentials/contracts-and-policies for complete housing policies.

#### **Meal plans**

Students receive a meal plan as part of their housing package. Students not subject to FLIR, including graduate students and transfer students, can purchase a resident dining account separately if desired.

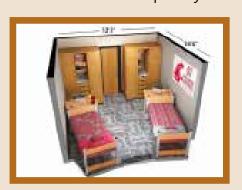

Single Room - Sample Layout

Double Room - Sample Layout

# SUPPORT AND MENTORSHIP

#### Health care and health insurance

WSU requires all international students to maintain the international Student Health Insurance Plan (ISHIP) while in school. Incoming students are automatically enrolled in the plan.

- Cougar Health Services (CHS) on campus offers same-day and scheduled appointments to students. Medical services include lab and x-ray services, physical therapy, nutrition counseling, immunizations, allergy desensitization injections, behavioral health, psychological services and counseling. CHS also offers a full-service pharmacy and vision clinic.
- Available off campus are medical clinics and a regional hospital.

#### **Transportation**

- Pullman Transit buses are free for WSU students.
   Show your Cougar Card to ride to nearby destinations on and off campus.
- Express buses offer fee-based shuttle service to Spokane International Airport and to and from the Seattle area during vacations and weekends.
- Other transportation includes car and bike rentals and taxi and ride services.

#### **Learning Support Center (LSC)**

LSC tutors can help with English speaking, listening, writing, reading, pronunciation, grammar and University coursework.

- Tutors answer academic questions and assist students with research skills, the WSU library website, formatting assignments in Word and practicing presentations.
- The LSC offers workshops on career preparedness, access to computers, desk space and a library.

#### **Professional mentoring**

Our professional mentoring options are great companions to the research you conduct in other areas of your program. Get the advice you need to succeed in the workforce from the people who know best: your professors and local industry leaders.

#### **Boeing Mentorship Program**

Pair with a mentor from Boeing who will teach you the ins and outs of the aerospace industry and opportunities at Boeing, and provide general career guidance. Mentors (mostly WSU alumni) regularly communicate with students in engineering, business and communication majors by email and visit with students on campus at least once during the program.

#### **Society of Women Engineers**

Currently employed female engineers are matched with students to answer any questions and facilitate networking activities, job shadowing, touring nearby facilities and more.

#### **Murrow Mentors for Communication**

Experienced Edward R. Murrow College of Communication alumni coach high-achieving juniors and seniors who have the dedication, determination and grit to excel in the world of media from the 24-hour news cycle to producing the next *New York Times* bestseller.

#### **Carson College Mentors for Business**

With the changing tides of technology, financial regulations and global competition, it's more important than ever to graduate with the business savvy that can adapt to today's ever-evolving market.

# INNOVATIVE RESEARCH

Since 2008, WSU's research awards have increased by 18%, placing WSU among the nation's top research universities. WSU is also recognized as a product development and business leader. In the past decade, WSU students and faculty have filed over 500 patents and developed commercial relationships that have generated more than \$10 million in revenue.

#### Research Beyond Engineering and Science

At WSU, hands-on learning and research opportunities exist in almost every program, from business and economics to communications and psychology. Examples of WSU's research impact include:

- #1 for Research in Advertising ComVista
- Top 100 Worldwide for Output in Business Research UTD Business Research Rankings 2018
- 25 psychology research labs and three business research centers
- Computer science research in high-performance computing, networking and artificial intelligence

#### **Edward R. Murrow College of Communication**

WSU's Edward R. Murrow College of Communication prepares students for careers in media, journalism and film and television production, as well as for jobs in areas such as advertising, public relations and strategic communications.

- · You can get practical experience on campus in WSU's own television, radio and newspaper programs.
- · Murrow Global Expeditions allows you to create your own content around the world.
- The College is named after Edward R. Murrow, a WSU graduate and one of the most famous journalists in U.S. history.

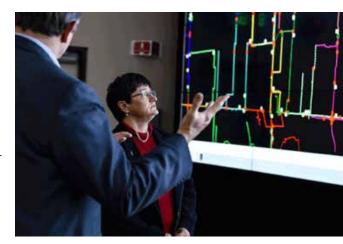

For additional information, visit www.murrow.wsu.edu.

#### A Leader in Power Engineering

The electric power program at WSU is considered among the best in the world in power systems research and power engineering education.

• WSU's Energy Systems Innovation Center is at the forefront of global research, education and technology innovation and transfer for energy systems, including smart grids. The University leads the nation's efforts in power grid reliability and efficiency through partnerships with the U.S. Department of Energy and companies including General Electric, the sponsor of WSU's GE Grid Solutions Smart City Testbed.

For additional information, visit school.eecs.wsu.edu/research/power-engineering.

#### **Carson College of Business**

The Carson College of Business stands among the top 5% of business schools worldwide that have achieved full accreditation in both business and accounting from the AACSB, the oldest and most respected international business program accrediting body.

• Ranked No. 15 for Undergraduate International Business by U.S. News & World Report 2019 and backed by partnerships with multinationals such as Microsoft, McKinstry, BP and Boeing, WSU's business college prepares students for success in a global market.

For additional information, visit www.business.wsu.edu.

#### Discover why WSU is the best place to start your career.

Positioned in a thriving business and tech hub with supportive career resources, exceptional academics and an outstanding alumni network, WSU students are preparing to succeed from their first day on campus.

# LAUNCH YOUR CAREER

#### **Dedicated Career Support**

We are dedicated to your success both in the classroom and in your career after graduation. Our Academic Success and Career Center offers multiple free services to help you develop your career including:

- · Internship placement assistance
- · CV and cover letter review
- · Career coaching assessments
- Campus-wide career fairs, program-specific job fairs and industry networking events

#### **Industry Partnerships in the Classroom**

WSU's proximity to leading tech and manufacturing destinations including Seattle, Portland and the Tri-Cities allows students to network with industry professionals.

- WSU has partnered with major businesses including Microsoft, Boeing, BP, Deloitte, Amazon, Intel and Merrill Lynch to develop new curriculum, mentor students and conduct large-scale research projects.
- Industry professionals are often guest speakers at campus events and the curriculum is centered around industry needs, such as business classes designed to simulate enterprise environments or computer science classes tackling the latest trends in Al and data analytics.

#### Internship and Job Placement Support

Our dedicated career services staff help students find valuable internships and jobs in government, business, industry and nonprofit sectors both as students and after graduation.

- Many WSU degrees offer guaranteed internships and practical experiences. For example, the hospitality business management program guarantees at least 1,000 hours of paid work experience before graduation.
- Students in fields such as fashion design or international business have internships and global study built directly into the curriculum.
- With assistance from the Academic Success and Career Center on CVs and interviewing, WSU international students have strong job prospects at graduation.

# UNDERGRADUATE PROGRAMS

With more than 95 bachelor's degrees, flexible study plans and start dates throughout the year, we will help you find the program that best suits your academic goals and your student profile. Where you begin will depend on your grades and English level. But no matter what your starting point is, we offer several routes that get you to graduation day so that where you end up is where you want to be, graduating with a degree from WSU.

#### **DIRECT ENTRY (TRADITIONAL ADMISSION).**

If you meet the academic and English language requirements for your degree program, you can apply directly to WSU.

#### **UNDERGRADUATE BRIDGE.**

WSU's Undergraduate Bridge program combines academic support with credit-bearing classes and personalized advising to help you smoothly transition to university life. In most majors you will graduate in the same amount of time as Direct Entry students. For more information, visit ip.wsu.edu/future-students.

To apply for Direct Entry or the Bridge program, you will need:

- An application completed online
- High school transcripts
- University/college transcripts (for transfer applicants)
- Passport
- English test score

For more information, visit ip.wsu.edu/future-students.

"As an international student, I chose WSU because of its location in a very safe town. After confirming my offer, I was sure about my decision when my Peer Mentor provided me more information about the school and answered all my questions patiently. So, I knew WSU must be an inclusive community and the right place for international students. I started my academic study in summer 2019 at WSU, and there were so many people around, but the International Student Center gave me a lot of help. WSU provides me so many opportunities to improve myself in the classroom and through voluntary activities. It will always be a home to every Cougar!"

Zichen Fan China

"Washington State University is home away from home. As an international student who has lived here for close to 2 years, I have shared in the smiles, camaraderie, interaction and community of different students and faculty from every part of the world. I am amazed about how the International Programs staff at WSU are amicable and always ready to help – they relate to me like a family! I have made the best choice of school to study, and I will be forever grateful. I would recommend WSU for international students to attend. You will be glad you did. Go Cougs!"

> **Stephen Onayemi** Nigeria

#### **US Undergraduate Education System**

To graduate with your 4-year undergraduate degree, you will need to take the following classes.

WSU UCORE classes. General education courses include English composition, social sciences, humanities, history, mathematics and natural/ physical science. These are typically taken at the beginning of your study plan.

Major classes. These classes will be about the specific field of study you choose. They are typically taken in the latter part of your study plan.

#### **GRADUATE ADMISSIONS**

We know that as a prospective graduate student, your undergraduate experience or time in the workforce has given you a good idea of what you want to gain in the next phase of your student journey. WSU's 11 colleges; 106 master's, doctoral and professional degrees; and several routes to admission are designed so that no matter what you come in with, there's a way for you to complete your degree here. Let us show you how.

#### **DIRECT ENTRY (TRADITIONAL ADMISSION).**

If you meet the academic and English language requirements for your degree program, you can apply directly to WSU.

#### To apply, you will need:

- An application completed online
- University/college transcripts (for transfer applicants)
- English proficiency scores
- Three letters of recommendation
- Passport

Graduate degrees are competitive and we will thoroughly review your application. Please expect a longer turnaround for an admissions decision. For more information, visit ip.wsu.edu/future-students.

#### GRADUATE BRIDGE.

Our Graduate Bridge program allows you to begin earning credits toward your degree even without GRE. The program will help build the academic foundation and essential English language skills you need to successfully progress to your master's degree. For more information, visit ip.wsu.edu/future-students.

#### To apply, you will need:

- An application completed online
- University/college transcripts (for transfer applicants)
- English proficiency scores
- Passport

"As an International student from Nepal, I had a difficult time understanding the different cultures and lectures. However, it did not take much time to catch up. I connected with many friends, faculty, and staff in a short time too. The professors are very helpful and supportive.

"! feel proud to be a part of the Cougar family. One of my greatest learning experiences was gaining practical skills. The classes are hands-on with field studies, presentations, and involvement. I also use campus resources, such as free tutoring at the writing center and the library. I love campus, social life, campus resources, and my classes. WSU has students from different parts of the world and I love how they share their ideas during class discussions. Whenever I see successful Cougars making a difference in their lives and communities, I get inspired to work harder and smarter."

Navram "Raj" Lamichhane Nepal

# **ACADEMIC ENGLISH**

If you do not meet the Direct Entry, Undergraduate Bridge or Graduate Bridge entry language requirements, you can enter our Academic English (AE) program to improve your academic and language skills. Once you have achieved the required language level, you can progress to your Bridge program or enter your degree program directly.

#### **Key Program Facts**

#### Accredited academic preparation intensive **English program**

#### Requirements

An application completed online High school diploma All high school and university/college transcripts Minimum age 16 No English score required. Students will be assessed

> and placed on arrival. Levels of instruction Beginner to High Advanced

#### **Start Dates for Academic English**

Fall	Spring
Mid-August	Early January

For current information, go to ip.wsu.edu/learn-english

#### WHAT YOU WILL LEARN

WSU's Academic English program is among the top 5 in the U.S. In your academically focused curriculum, you will learn the English language by using it daily in speaking, listening, reading and writing.

#### **ESTIMATED ACADEMIC ENGLISH LEVEL BASED ON TEST SCORES**

All students take a placement test during Orientation to determine their AE level. The table below shows your estimated level of AE based on your standardized test scores.

AE Levels	TOEFL iBT	IELTS	IELA	Duolingo	ITEP
Level 2	≤31	≤2.5	130	<55	<2.0
Level 3	32-49	3.0	140	65	2.5
Level 4	50-59	5.0	154	75	3
Level 5	60-69	5.5	162	90	3.5
Level 6	70-79	6.5	176	120	3.9

## ACADEMIC PROGRAMS

FIND YOUR DEGREE. With a wide range of subject areas and admissions options, you can find the perfect degree for your chosen career. You can choose to apply for Direct Entry to the University or for a Bridge program that provides extra academic, language and cultural support. From the day you apply to the day you graduate, we are here to help you succeed every step of the way. Flip to the back cover to learn how to apply.

#### B=Bachelor's M=Master's **D=Doctorate** GB

**Undergraduate Bridge Program** Indicates the Undergraduate Bridge program that should be taken to progress to an undergraduate academic program. This program is also available through Direct Entry.

AS Agricultural Sciences FA Fine Arts

**AR** Architecture **GE** General

**BU** Business JC Journalism/Communication

**CS** Computer Science **MA** Mathematics

- The Graduate Bridge program that can lead to this degree is indicated in teal. This WSU degree is also available through Direct Entry.
- Complete these Graduate Bridge programs at WSU Pullman and progress to WSU Pullman, WSU Tri-Cities or WSU Vancouver depending on the program and campus you are admitted to. Visit the WSU International Programs Future Students website for more details including minimum entry and progression requirements, thesis or non-thesis options and campus location information.
- This WSU degree program is available through undergraduate direct or graduate admission.
- Designated STEM degree by the U.S. Department of Homeland Security.

<sup>1</sup>Start these health science majors in Pullman, Tri-Cities or Vancouver and complete your bachelor's degree at WSU's Health Sciences campus in Spokane.

<sup>2</sup>Professional schools of health and law do not require any particular major. Whatever your major or professional goals, our Health Professions Student Center and Pre-Law Resource Center can help you get the right prerequisites and prepare you for the school of your

# TRANSFERRING TO WSU

Everyone has a different academic journey. Where you've come from and where you're headed affect how you apply to WSU. If you began your post-secondary education at another accredited school and want to transfer, you'll find WSU is a welcoming place.

- · To be admitted as an international transfer student, you need to complete a minimum of 27 semester credits or at least 1 full year of study at an accredited post-secondary school.
- · You must have a minimum grade point average of at least 2.50 (on a 4.00 scale) for admission as an international transfer student.

If you have already finished your bachelor's degree and are interested in pursuing a graduate degree, go to your desired graduate program page for program-specific requirements. https://online.wsu.edu/online-degrees/

#### TRANSFER CREDIT FOR A-LEVEL EXAMINATIONS

Students who have completed GCE A-Level examinations may qualify for transfer credit. We do grant college credit for some AS-level exams. To receive transfer credit, applicants must have the awarding body send their official A-level Statement of Results to WSU.

Visit our Cambridge Credit Chart for more detailed information on which exams qualify for A-level transfer credit. https://admission.wsu.edu/apply/ap-ib-andrunning-start/cambridge-equivalency-chart/

#### TRANSFER YOUR CREDITS TO WSU

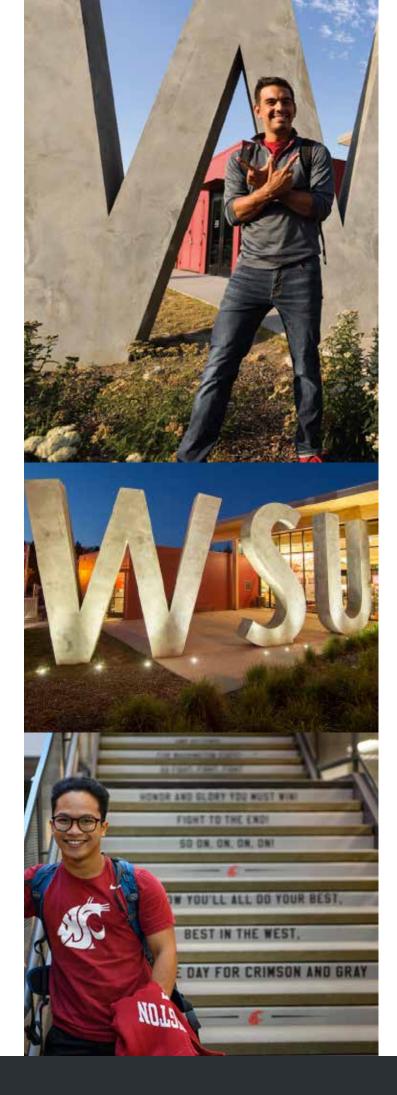

WSU awards credit for acceptable scores on Advanced Placement (AP), International Baccalaureate (IB), CLEP, and Cambridge A-level exams.

Our Transfer Credit Equivalency database can help you determine which of your classes will transfer to WSU. You can also use it to find out which courses you should be taking to meet your future WSU requirements. https:// transfercredit.wsu.edu/

#### WHEN YOU ARRIVE

If you have attended college or university outside the United States, we recommend that you bring course descriptions and syllabi (translated into English) with you. This will help us identify equivalent WSU courses for transfer credit.

If you are transferring from another U.S. college or university to WSU, you should attend Transfer Registration Days. While you can attend any orientation program that is convenient for you, Transfer Registration Days will allow you to register for classes before anyone else.

# **COMMON QUESTIONS**

#### What is the application deadline?

WSU does not have an application deadline and accepts applications on a rolling basis.

#### Do I need to submit an SAT or ACT score for admission?

WSU does not require SAT or ACT for admission to the University. We use a holistic approach and require only the equivalent of a U.S. high school education.

#### What is a measles hold?

WSU requires that all incoming students be immunized against measles prior to class registration. WSU Health and Wellness Services (HWS) oversees the measles hold. To get the measles hold lifted, a student must either provide documentation of immunity or receive a vaccine shot from Health and Wellness Services. Send documentation to:

Health and Wellness Services Washington State University PO Box 642302

Pullman, WA 99164-2302

USA

Fax:1-509-335-6223

Email: hws@wsu.edu (Please send in 8.5×11-inch printable format)

#### Is there a host family program?

There is not an established host family program in the Pullman area. However, the International Center does offer the Friends and Family program, in which students and families spend free time together.

#### Do I need to arrange housing before I arrive?

You should arrange housing before arriving at WSU. Otherwise, expect to spend U.S. \$80-\$150 per night at local hotels. Students can apply for on-campus housing as soon as they confirm acceptance of their admission offer.

#### May I open a bank account in Pullman?

Opening a bank account is fairly easy. There are several banks to choose from in Pullman. Banking is one of many topics that will be covered during International Student Orientation. We recommend that you familiarize yourself with the U.S. banking system before you arrive at WSU.

#### Do I have to pay tuition before I arrive?

No. Tuition and fees are due the first day of class. WSU Student Accounts accepts various methods of payment.

#### I have been offered admission, but what if I want to wait before starting at WSU?

You can delay entry to WSU for up to 1 semester. To do so, you will need to re-apply for the term you would like to attend. Updated official transcripts and financial documentations may be required. If you have already been issued a WSU I-20 and would like to defer attendance, please contact the Office of International Programs to obtain an updated I-20.

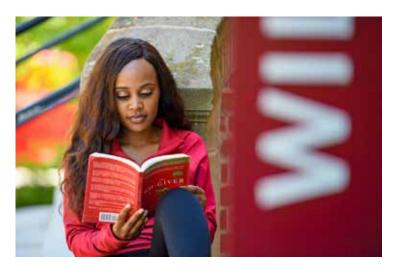

# **ESTIMATED COST OF ATTENDANCE**

Every academic year has two semesters - fall and spring - each about 17 weeks. Students may also take classes during a 12-week summer term for additional cost.

Note: All prices are in U.S. dollars and are subject to change. Go to https://ip.wsu.edu/future-students/tuition-fees/ for current pricing.

### **Academic English\***

Academic English							
	Academic English

<sup>\*</sup>All costs listed are in U.S. dollars and are estimates that may vary depending on programs and plans selected and personal preference.

<sup>\*\*</sup>Other costs include personal and miscellaneous expenses (for example, laundry, toiletries, health care, clothing, and entertainment) and will vary depending on personal preference.

### **SCHOLARSHIPS**

International students are automatically considered for scholarships upon admission to WSU. High-achieving international students are guaranteed to receive the International Academic Award.

WSU's Office of International Programs automatically awards these scholarships to qualifying students who are offered admission to a bachelor's degree program.

- Freshman awards renewable for 3 additional years are available to students who have less than 1 year of college credit.
- Transfer awards renewable for 2 additional years are available to students who have earned at least 1 year (27 semester hours) of transferable college credit.

International Academic Award							
Level 1	\$4,000 per academic year tuition waiver (\$2,000 per semester)	Offered to students with cumulative GPA of 3.60 or higher					
Level 2	\$2,000 per academic year tuition waiver (\$1,000 per semester)	Offered to students with cumulative GPA of 3.30 to 3.59					

The International Academic Awards are automatically renewable for the lengths indicated above if the renewal criteria for each academic year are met:

- Maintain a minimum 3.2 cumulative GPA by the end of spring semester.
- Maintain 12 credits each semester, or complete 24 semester credits by the end of spring semester.
- Maintain nonresident degree-seeking student status.

#### ADDITIONAL SCHOLARSHIPS & FUNDING

You may also be eligible for a variety of other awards from the University. To be considered for additional WSU scholarships, apply for admission and scholarships by January 31.

Be sure to check the requirements and deadlines for all scholarships. Some have different deadlines and require supplemental materials.

You are welcome to apply for multiple scholarships.

Learn more about International Merit Awards, Departmental and Program Awards, Emergency Tuition Support Awards and funding sources from some non-University organizations at https://ip.wsu.edu/future-students/scholarshipsfunding/.

# **APPLY**

# **International Undergraduate**

WSU accepts international undergraduate applications at any time of year and operates on a rolling admission basis.

- Gather your documents
- **OPrepare your information**
- **⊗** Complete the application and submit your documents

To apply, visit:

https://ip.wsu.edu/future-students/applications-forms/

#### **International Graduate**

For graduate admission, apply to the Graduate School

To apply, visit: https://gradschool.wsu.edu/apply/
